

BEFARD BSR

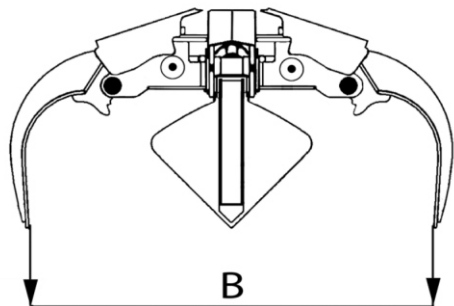

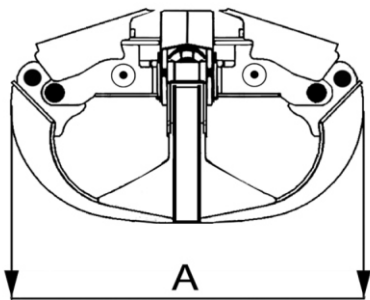

**MULTI-JAW CLAMP
BEFARD of the BSR series
PERFECT FOR HANDLING OF SCRAP**

MULTI-JAW CLAMP BEFARD of the BSR series

The BEFARD multi-jaw grippers of the BSR series, thanks to the improved design and high-quality materials used, meet all the requirements for modern work equipment. They are highly functional and resistant to mechanical damage. They are characterized by increased wear resistance.

BASIC TECHNICAL DATA OF THE GRIPPER

MODEL	CAPACITY	TYPE	WIDTH A	WIDTH B	WEIGHT	ROTATOR
BSR-250.5	250 L	5-FINGERED	1120 mm	1600 mm	360 kg	OPTIONAL
BSR-250	250 L	4-FINGERED	1120 mm	1600 mm	300 kg	OPTIONAL

MULTI-JAW CLAMP BEFARD of the BSR series

BEFARD grippers work with cranes of such brands as: EPSILON (Palfinger), JONSERED and LOGLIFT (Hiab) PENZ, LIV, V-KRAN and many other brands. They are perfect for reloading scrap metal.
