

MOBILE CRANE BEFARD DG

**ELECTRIC ACCUMULATOR PICK
AND CARRY CRANE**

MOBILE CRANE WHEELED "PICK AND CARRY" TYPE BEFARD DG 620/ DG 820

BEFARD DG 620 / DG 820 "Pick and Carry" mobile crane.
It is used to carry heavy loads. It is very suitable for work with injection and casting moulds as well as in factory halls where there is a need to replace/ assemble elements in tight spaces without the possibility of using a forklift.

OPTIONAL EXTRAS

- Headstock with hydraulic side shift and tilt
- Non-marking solid wheels instead of black, pumped wheels
- Side-support deployment sensor
- Remote (radio) control of arm and optional head
- Folding handle (reduces the length of the machine for transportation e. g. by lift)
- Forklift forks
- Hydraulic winch
